Alumni Interaction

An engaging face-to-face interaction session with Mr. Aditya Roy, an esteemed alumnus from the MAE Department, MAIT, was conducted on May 16, 2023. The session was scheduled for 30 minutes, starting at 2:15 PM in Room No. 212.

Mr. Aditya Roy, a passout from the 2018 batch, shared valuable insights and experiences with students from both the MAE and ME departments. His presence was eagerly anticipated, and the session provided a unique opportunity for current students to learn from his journey and experiences.

During the session, Mr. Roy enlightened students about his current pursuits, highlighting his ongoing MS-PhD program at The University of Texas at Austin, fully funded. His journey from MAIT to pursuing advanced studies at a prestigious institution served as an inspiration to the attendees.

Students keenly interacted with Mr. Roy, seeking advice on academic pursuits, career choices, and opportunities for higher education. His firsthand experiences and guidance were invaluable, offering practical perspectives on academic and professional endeavors.

The interaction session concluded with a sense of enthusiasm and gratitude from both the students and Mr. Roy. The event served as a platform for meaningful exchanges and networking opportunities, fostering a sense of camaraderie and mutual learning within the MAIT community.

We extend our heartfelt appreciation to Mr. Aditya Roy for graciously sharing his time, experiences, and wisdom with the students. Such interactions play a pivotal role in nurturing the spirit of learning and excellence among our students, and we look forward to more such engaging sessions in the future.
